Auburn Hills, Mich., April 1, 2015 - FCA US LLC today reported U.S. sales of 197,261 units, a 2 percent increase compared with sales in March 2014 (193,915 units), and the group's best March sales since 2007.

The Chrysler, Jeep® and Ram Truck brands each posted year-over-year sales gains in March compared with the same month a year ago. The Jeep brand's 23 percent increase was the largest sales gain of any FCA US brand during the month and its best monthly sales ever. The group extended its streak of year-over-year sales gains to 60-consecutive months.

"March was a tough month, yet we were able to extend our year-over-year sales streak to an even 60-consecutive months," said Reid Bigland, Head of U.S. Sales. "Five years of consecutive monthly year-over-year sales increases is a great symbol of FCA's commitment to continuous improvement and a tremendous source of pride for our entire organization."

Eight FCA US vehicles set records in the month of March, including five vehicles that posted their best monthly sales ever. The Chrysler 200, Dodge Dart, Dodge Journey, Jeep Cherokee, and Jeep Patriot each logged an all-time sales record last month. The 200 mid-size sedan achieved its record with a 155 percent year-over-year increase, the largest percentage increase of any FCA US vehicle in March. In addition, the Jeep Wrangler, Jeep Compass, and Ram ProMaster van each recorded their best ever sales in the month of March.

FCA US finished the month of March with a 73-day supply of inventory (578,648 units). U.S. industry sales figures for March are internally projected at an estimated 17.1 million units Seasonally Adjusted Annual Rate (SAAR).

Jeep brand sales were up 23 percent, the brand's best monthly sales performance ever and its 18th-consecutive month of year-over-year sales gains. The Jeep brand has set a sales record in each month dating back to November 2013. Four of the six Jeep brand vehicles turned in sales records during the month. The Cherokee and Patriot set all-time sales records while the Wrangler and Compass logged their best ever sales in the month of March. With its 41 percent increase, the Patriot had the largest sales percentage gain of any Jeep model for the month. Jeep Grand Cherokee sales were up 5 percent in March compared with the same month a year ago. Sales of the all-new Jeep Renegade began in mid March. The 2015 Jeep Grand Cherokee SRT was named Performance Utility Vehicle of Texas last month at the Texas Auto Roundup hosted by the Texas Auto Writers Association (TAWA).

Sales of the Chrysler 200 were up 155 percent in March, the mid-size sedan's best monthly sales ever and the largest year-over-year percentage gain of any FCA US vehicle in March. The new 200 was named Mid-size Sedan of Texas last month at TAWA's Texas Auto Roundup. The 2015 Chrysler 300 flagship sedan was crowned Car of Texas at the same competition.

Sales of the Ram ProMaster increased 112 percent, the full-size van's best March sales since the vehicle was launched in October 2013. Sales of the Ram ProMaster City, which went on sale in January, are ramping up as greater volumes of the compact van arrive at Ram Truck dealerships. Sales of the Ram pickup truck were down 2 percent in March, compared with the same month a year ago. The pickup earned two awards last month. *Work Truck* magazine named the Ram 4500/5500 Chassis Cab truck as its 2015 Medium-duty Truck of the Year, and the editors of *Four Wheeler* crowned the Ram Power Wagon as their 2015 Pickup Truck of the Year.
