(Commission File No.: 001-36675)

The following communication was distributed to employees of Fiat Chrysler Automobiles N.V. on October 31, 2019.

Dear Colleagues,

I'm pleased to announce that we are taking steps towards a 50/50 merger with Groupe PSA aimed at creating a leading global mobility group - one with the scale, talent and resources to compete and win in a transforming industry.

The combination of our two businesses would create the 4th largest automotive group with potential annual sales of nearly 9 million vehicles and combined revenues of some €170 billion. It would unite the groups' respective brand strengths across Luxury, Premium, Mainstream Passenger Car, SUV and Trucks & Light Commercial. And it would benefit from pooled capabilities in the key technologies that are reshaping the future of mobility.

By becoming one single group, we would be able to generate significant value, delivering approximately €3.7 billion in estimated annual run-rate synergies from investment efficiencies from sharing vehicle platforms, powertrains, technologies and enhanced purchasing power. These synergies are NOT based on closing plants.

Let me add that this proposed merger is about more than just numbers and synergies. We would be bringing together two companies with a shared vision, openness and trust in each other. On a personal note, my respect for and friendship with Groupe PSA's CEO, Carlos Tavares, stretch back nearly a decade. I am inspired by the prospect of working together with him and all of you to build a great new company together.

Merging companies and cultures is something we know how to do well. FCA is a product of our ability to leverage each other's backgrounds, embrace diversity and collectively drive for results.

The combination we envision with Groupe PSA will build on that success.

We hope to finalize our discussions and reach a Memorandum of Understanding in the coming weeks. Then it will take some time to agree on definitive documentation and complete the necessary consultations and shareholder approvals. In the meantime, it is vitally important that we continue to operate as a strong and independent company, delivering on our business plan and the results we have committed to.

In the very near future, I'll be hosting a global town hall meeting where I will share more about the state of our business, the announced merger and my expectations for the rest of this year. I'll look forward to taking as many of your questions as I can.

Thank you again for all your hard work and commitment.
