Stellantis and Dongfeng Agree on a Share Repurchase Framework

AMSTERDAM, July 15, 2022 – [Stellantis N.V.](#) and Dongfeng Motor (Hong Kong) International Co., Limited, a subsidiary of Dongfeng Motor Group Company Limited (“Dongfeng”) have executed a heads of agreement (“HOA”) related to the 99.2 million common shares in Stellantis held by Dongfeng, representing 3.16% of Stellantis’ share capital. Under the HoA, Dongfeng may from time to time submit an offer to sell to Stellantis, all or a portion of the Stellantis common shares held by Dongfeng. Stellantis will have the right but not the obligation to accept such an offer and purchase the offered shares at the average of the closing prices per Stellantis share on Euronext Milan for the five trading day period immediately prior to the date on which Dongfeng submits the offer.

In case Dongfeng determines to dispose of any of its Stellantis common shares through an accelerated book build (ABB) process, Dongfeng will offer Stellantis the opportunity to act as a cornerstone investor in that transaction, at the offer price resulting from the ABB process.

Any purchase of Stellantis common shares by Stellantis from Dongfeng will be carried out under the authority granted by the general meeting of April 13, 2022, as possibly renewed or extended.

Stellantis will inform the market if it accepts an offer from Dongfeng and agrees to purchase the offered shares.

- Stellantis will focus on supporting Jeep® customers in China via electrified line-up of imported Jeep vehicles and experienced Chinese dealers

- Stellantis and GAC will proceed to an orderly termination of local Jeep production, while Stellantis will recognize a non-cash impairment charge of approximately €297 million in first half 2022 results

AMSTERDAM, July 18, 2022 - Due to a lack of progress in the previously announced plan for Stellantis to take a majority share of the GAC-Stellantis joint venture, [Stellantis N.V.](#) today announced its plan to focus on distributing imported vehicles for the Jeep® brand in China to leverage the potential of the brand and its iconic products through an asset-light approach.

Stellantis intends to cooperate with GAC Group in an orderly termination of the joint venture formed in March 2010, which has been loss-making in recent years, and will recognize a non-cash impairment charge of approximately €297 million in its first half 2022 results.
